CENTRAL HIGH SCHOOL ATHLETICS BASEBALL EMERGENCY ACTION PLAN

Emergency Equipment Locations:

1. AEDs:

- Primary AED is located to the Right of the concession stand inside a passcode closet.
- Second AED is located with the athletic trainer during summer/fall/spring practices and games. Otherwise it is located in the Field House (Roy Acuff) AT office.

2. First Aid Supplies:

- Located in medical kit with the AT and in the Athletic Training room across from the locker rooms behind the gym.
- Supplies are on the counter for coaches to access and use as needed.

Emergency Responders Protocol:

1. Immediate Care of the Athlete:

- a. Immediately notify the Athletic Trainer to respond to the emergency.
- b. If no AT is present on campus, the Coach(s) will respond as follows.
 - Stabilize and calm the injured athlete and provide first aid until either:
 1. It is determined that Basic Life Support procedures begin (CPR or Rescue Breathing) and EMS is activated.
 2. The athlete is conscious and normal breathing and neurovascular function (circulation, movement, and feeling) can be established.

2. AED retrieval:

- a. Coach or student aide will be directed to get the AED if a cardiac emergency is suspected.

3. Activate EMS if needed. Below is a list of reasons to call (9-1-1):

o Any altered and/or deteriorating mental status (loss of orientation, not cognizant of self, time or place, unexplained/severe lethargy, decreased understanding, change in personality, poor regulation of emotions, defect in judgement, confusion, memory loss)	o Unconsciousness o Uncontrollable bleeding o Persistent chest pain/pressure o Lack of sweating, red hot skin o Unexplained seizure o Uncontrollable vomiting o Loss of sensation in limbs, no signs of circulation o Obvious bony deformity, exposed bone	o Unequal/unreactive pupils o Unequal chest rise/fall o Electrical accident o Possible poisoning o Inability to move o Suspected head, neck or back injury o Unexplained breathing difficulty, inability to breathe o Convulsions, severe headache, or slurred speech
