

# 2025/2026 1:1 Device Information

This initiative was made possible by federal funding provided through the CARES Act, and will enable teachers to enhance their instruction through the use of technology. By making computers available to every student, we believe the district will have more flexibility to continue teaching during unusual circumstances, such as a weather event or a closure due to illness. Equally important, we believe that even during normal operations the availability of Chromebooks will provide new learning opportunities and prepare students to succeed in a world where technology plays such an important role.

**\*\*You will need your child's student ID number (they use this frequently in school).  
If unsure, this can be found on Aspen.**

**\*\*Complete agreement by August 8th  
(Chromebooks will be distributed  
when students return)**

## DIRECT LINK TO DEVICE AGREEMENT

All students will be assigned a Chromebook for use during normal school hours. A device agreement must be signed in order for the student to transport the Chromebook.

Insurance available is for all students to protect from unforeseen circumstances.

All devices now include cases and these should remain on device at all times.

Recurring device damage, as well as act of negligence, may result in student take-home privilege revocation.

Stickers are not permitted on the device or on the provided case.

## DIRECT LINK TO GIVEBACKS

**Due on or before September 30, 2024**

Device insurance is available for a \$20 non-refundable fee for the 2025/2026 school year.

Payments can be made online at Givebacks.

Payment will not be accepted at school locations.

Online payment can be made in up to four installments of \$5 each.

There is no fee waiver for KCS device insurance this year.
